

TEAM THRIVE

The One-Stop Digital Platform for
Youth Sports Teams

A KID ON THE MOVE

The one place for all competitive team and athlete
needs.

ABOUT TEAM THRIVE

Team Thrive is a cloud-based, all-in-one management platform designed specifically for the needs of competitive youth sports leagues, teams, and individual athletes. This has the potential to be the **largest cloud-based team platform** in all of Youth Tech Sports.

It brings together scheduling, communication, registration, payment processing, athlete performance tracking, and recruitment tools into a single, easy-to-use solution that works on any device.

WHO IT SERVES

Athletes

Gain one place to track training sessions, game schedules, travel plans, and recruitment opportunities.

Parents

Stay organized with instant notifications, reminders, travel details, and payment tracking — no more juggling texts, spreadsheets, and separate apps.

Coaches & Teams

Manage rosters, send announcements, share videos/playbooks, monitor attendance, and coordinate travel logistics in real time.

League Administrators

Oversee multiple teams, manage league schedules, coordinate venues, and ensure smooth operations across all clubs and divisions.

Colleges & Recruiters

Identify and follow top-performing athletes, especially in Title IX sports, through verified stats and highlight reels.

KEY FEATURES

Centralized Scheduling & Notifications

All games, practices, and events in one calendar with automatic reminders.

Real-Time Communication

Group chats, announcements, and alerts for teams, parents, and officials.

Integrated Payments

Secure online payment system for dues, travel fees, and event registrations.

Performance Tracking

Tools for recording stats, progress, and goals for each athlete.

College Recruitment Support

Athlete profiles with video highlights and performance history to share with recruiters.

Vendor & Sponsor Integration

Connect with travel, equipment, and service providers directly inside the platform.

Cloud Accessibility

Secure, 24/7 access from anywhere with updates in real time.

AI Statistics & Streaming

Advanced analytics and video capabilities.

THE PROBLEM

Youth sports organizations currently rely on a patchwork of separate tools — text threads, spreadsheets, multiple apps, and paper forms — leading to missed communications, disorganized scheduling, and lost opportunities for athletes.

- Fragmented tools for communication, scheduling, and logistics
- Parents overwhelmed by messages and missed deadlines
- Coaches bogged down by admin work
- Athletes lack visibility for college recruiting
- No centralized solution for vendors or organizers
- Missed payments, deadlines, and poor communication

OUR SOLUTION

Team Thrive eliminates chaos by bringing all functions together. Sports communities become more connected, organized, and efficient.

All-in-one digital infrastructure for club sports

Smart task reminders via app, SMS, email

Athlete recruiting profiles + sponsor tools

Streamlined event logistics, vendor marketplace, and payments

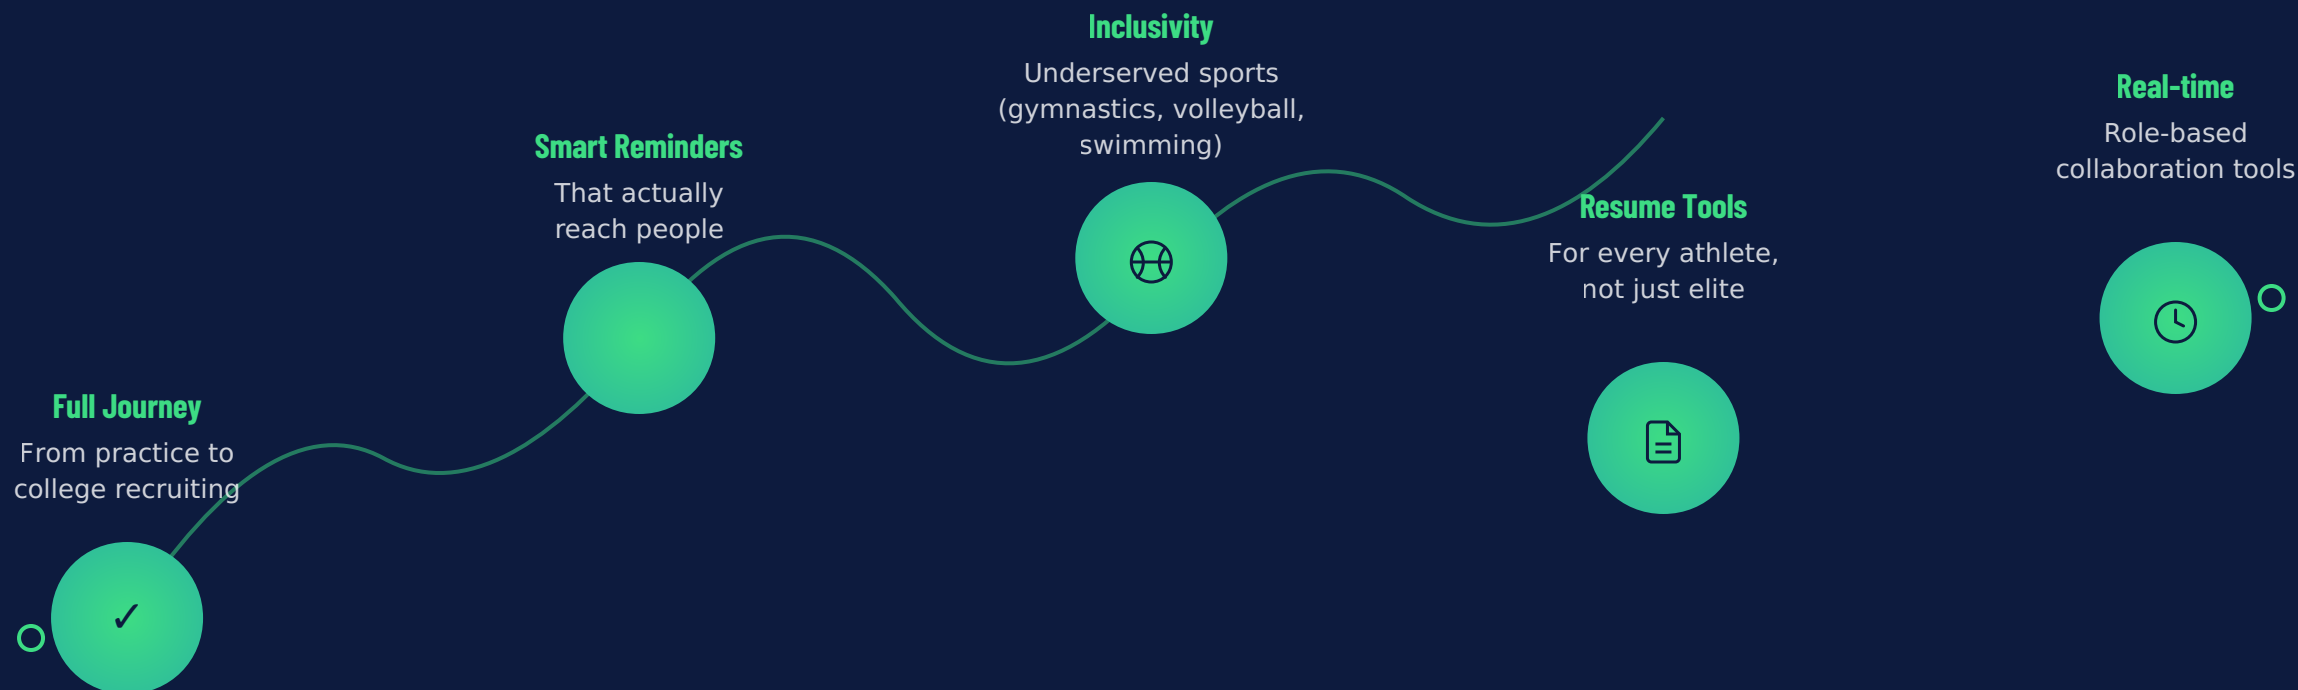

Role-specific dashboards for parents, coaches, clubs

AI Streaming statistics

WHAT MAKES US DIFFERENT

ABOUT THE FOUNDER

Aliza Avital-Caplan

Aliza has been selling real estate for 20 years, with over \$2.4 billion worth of properties sold. As the mother of a young competitive gymnast and with many friends in the sports world, Aliza realized the need for change, inspiring her to create solutions that connect her professional expertise with her passion for sports and community.

As a dedicated mother and wife, Aliza is fiercely family-oriented. In business, she brings the same passion, availability, and dedication to each notable client she represents. A passionate sports enthusiast, Aliza has recently collaborated with her daughter's coach, Mr. Craig Zappa of ENA Gymnastics, to help develop a visionary pitch aimed at transforming the landscape of competitive sports.

ATHLETE PROFILES & RECRUITING TOOLS

Verified stats, video highlights, and shareable profiles for college recruiting.

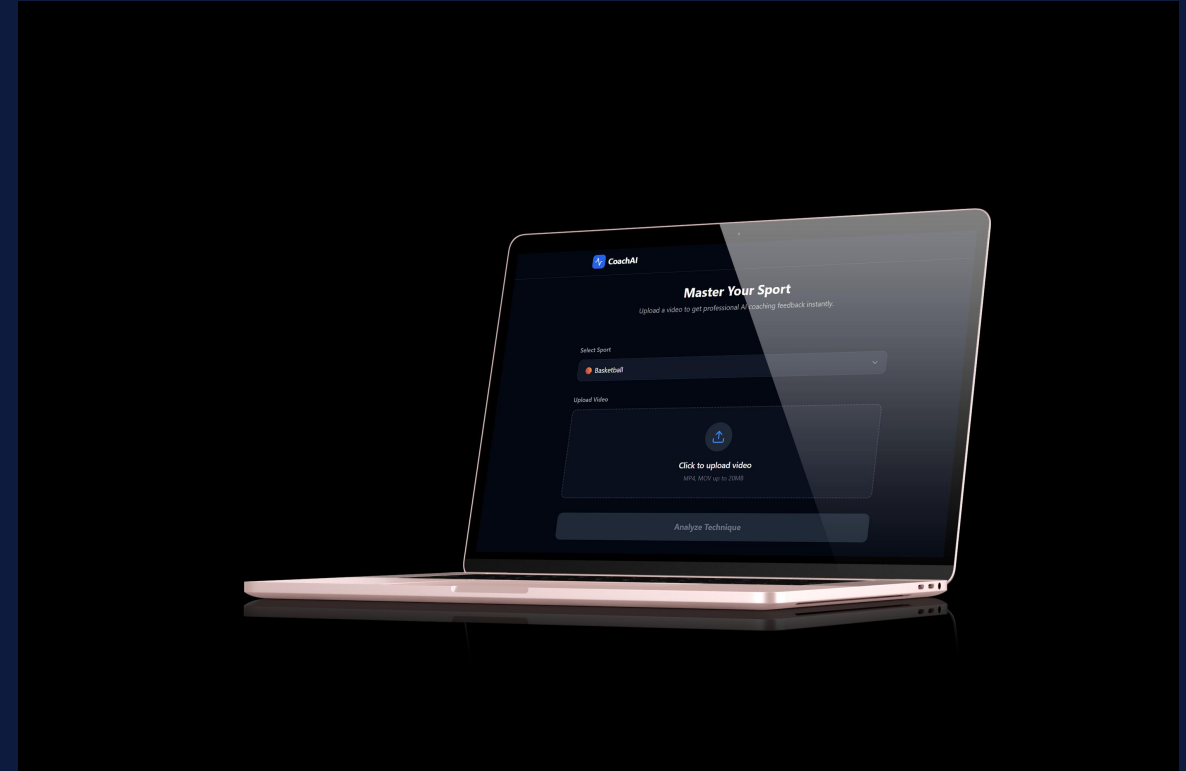

AI COACH & RECRUITING ENGINE

Here's a quick pass at what an AI coach could look like.

This initial version is simple:

- 1 Select sport
- 2 Upload video
- 3 Get coaching feedback & identify key areas for improvement

This can be improved a lot with more time.

PHASE 3: AI ANALYSIS

Core Differentiator

- Video processing & breakdown
- Detects key sport-specific movements
- Identifies performance gaps
- Auto-generated feedback
- Connects video with stat tracking

Example

Upload a routine → system detects elements → flags inconsistencies → tracks progress over time

PHASE 4: ADVANCED AI + RECRUITING

Making Platform Indispensable

- Advanced form & technique analysis
- Predictive insights (consistency, readiness)
- Automated highlight creation
- Athlete performance score
- Recruiter profiles with: Verified stats, Performance trends, Video + data combined

Example

Athlete uploads season highlights → AI builds recruiting profile → college coaches receive verified performance report.
