

TEAM THRIVE: PARENT / GUARDIAN AGREEMENT

ALL-IN-ONE SOFTWARE PLATFORM & SAFETY PROTOCOL

Team Thrive is a software-as-a-service (SaaS) platform. This technology is designed to manage team logistics while maintaining a secure, restricted environment for minor athletes. By using this app, you acknowledge and agree to the following legally binding terms:

1. Restricted Access & "No-Contact" Architecture

The Team Thrive software is engineered with built-in safety restrictions to prevent unauthorized interaction:

- **Athlete View Limits:** Minor athletes are restricted to viewing only their individual schedule, team roster, and personal profile.
- **Prohibited Direct Contact:** The platform is architected to prevent 1-on-1 digital communication between coaching staff and minor athletes. Coaches are strictly prohibited from initiating or engaging in direct contact with a minor through the platform.
- **Parental Proxy:** All relevant communication regarding team updates, recruiting, or scheduling is managed exclusively through the **Parent/Guardian account**.

2. Software Services & Functionality

Team Thrive serves as the administrative headquarters for your organization, providing:

- **Scheduling & Rosters:** Centralized access to team calendars, game locations, and roster management.
- **Recruiting & Statistics:** Software tools to manage athlete statistics and media for future recruiting purposes. While Team Thrive provides the technology for exposure, it **does not guarantee** scholarships, college roster placement, or athletic success.
- **Administrative Efficiency:** Technology for team-wide announcements and organizational data management.

3. Data Integrity & Independent Operators

- **Accuracy:** You are responsible for the accuracy of all statistics and graduation information uploaded to the athlete's profile.
- **Independent Entities:** Coaches and sports clubs use Team Thrive as independent third parties. Team Thrive is a software provider only and is not liable for coaching decisions, roster placement, or the conduct of individual organizations.

4. Indemnification & Legal Protection

You agree to **indemnify, defend, and hold harmless** Team Thrive from any legal claims, costs, or damages arising from (a) any attempt to circumvent the software's communication restrictions, (b) any disputes regarding athlete statistics or recruiting data, or (c) any disagreements with club management.

Note: Team Thrive is a software service and does not collect, manage, or issue registration fees.

I certify that I am the legal parent or guardian of the minor athlete. I acknowledge that Team Thrive is a software platform and I voluntarily agree to this Agreement, specifically the No-Contact Policy and the Indemnification Clause.
